Pixel

They blew the roof off Northrop when they first appeared here in 2015 with *Correria Agwa*, now Compagnie Käfig returns with *Pixel*, featuring the dazzling hip-hop based choreography of Mourad Merzouki, the cutting-edge digital projections of Adrien M and Claire B, and the Middle Eastern-influenced cinematic musical score of Armand Amar. With never seen before stagecraft, dancers achieve aerial and acrobatic feats in a 3-D digital landscape that changes with their every movement, on ground that shifts beneath their feet. *Pixel's* suspended reality offers a glimpse into the exciting possibilities at the border of the virtual world.
